

The chart, titled 'ASHC', displays four stacked bars. Each bar is composed of segments in three shades of blue: light blue at the bottom, medium blue in the middle, and dark blue at the top. The segments are separated by thin black lines. The first bar on the left has four segments. The second bar has three segments, with the top segment being dark blue. The third bar has two segments. The fourth bar has three segments, with the top segment being dark blue. The segments are separated by thin black lines.
